Montana Fish, Wildlife & Parks Information -- New Option

1-900 Hotline

Our new 1-900-225-5397 information hotline - a pilot project FWP has designed in cooperation with a private vendor - will offer comprehensive details to callers on a wide variety of recreation topics, from hunting opportunities to road conditions. The line will be operational Monday through Friday from 8:00 A.M. to 5:00 P.M.. Mountain Standard Time beginning April 15, 1996. A $1.50 per minute charge will be assessed and callers must be at least 18 years old.

By order of the Montana Fish, Wildlife & Parks Commission, the seasons, limits and regulations listed herein shall govern the 1996 deer, elk, black bear, antelope, moose, bighorn sheep, mountain goat and mountain lion hunting seasons. These regulations are valid March 1, 1996 through February 28, 1997 and were adopted by the Fish, Wildlife & Parks Commission on February 5, 1996.

The Department of Fish, Wildlife and Parks has installed a Telephone Device for the Deaf—

(406) 444- 1200—as part of a continuing program aimed at increasing the ability of disabled citizens to access the full range of Department services.

For more information on the Department's "Crossing the Barriers" program, call (406) 444-2602.

Licenses

***All "asterisked" special drawing applications include a $3 nonrefundable drawing fee per species. This fee covers the administrative handling and processing of the 200,000+ species applications**

All bowhunters ages 12-17 years must show proof of completing a course from the National Bowhunters Education Program.

Adult (18 years of age or older) bowhunters must show proof of an NBEF Bowhunter Education Certificate or present any prior years bow hunting/archery stamp, tag, permit or license from any state or province to purchase a Montana bow and arrow license.

All licenses/permits must be signed before they are valid. All licenses are non-refundable non-transferable. The 1996 license year runs March 1, 1996, through February 28, 1997.

All hunters ages 12-17 years must show proof of completing a hunter education program before purchasing any hunting license.

Box 200701, Helena, MT 59620-0701; (406) 444-2950.

General Regulations

Checking Stations
All hunters and anglers are required by law to stop as directed at all department check stations.

Closed Areas
- State Game Preserves and National Parks are closed to hunting of big game animals. For hunting privileges on Federal Wildlife Refuges, inquire at the local refuge office. Big game hunting privileges on Indian Reservations are limited to tribal members only.
- Wildlife Management Areas with big game winter range, unless otherwise posted, are closed to public entry from the day following the end of the general deer/elk season or December 1, whichever is later, to May 15 each year, as posted. EXCEPTION: Blackfoot-Clearwater WMA closes November 10.

Clothing Color
- Any person hunting or accompanying hunters as an outfitter or guide must wear a minimum of 400 square inches of hunter orange (fluorescent) material above the waist, visible at all times.
- The hunter orange requirement is not in effect during the special archery seasons, which are specifically listed in these regulations as: "ARCHERY ONLY SEASON." Bowhunters pursuing big game animals with bow and arrow must wear a minimum of 400 square inches of hunter orange (fluorescent) above the waist if firearm season is open in the hunting district and for the species being hunted or pursued.

Evidence of Sex Requirements
- It is illegal to possess or transport the carcass of any big game animal unless evidence of the animal's sex and species remains naturally attached to its carcass or a portion of the carcass.
- In most cases, the easiest way to meet this requirement is to leave the animal's head attached to the carcass. However, if the animal's head is removed, some other evidence of sex must remain **naturally attached** to the carcass or a portion of it.
- The following are considered lawful evidence of sex:

  - Horned or Antlered Game Animals: Male--head with the horns or antlers naturally attached, penis, testicles or scrotum. Female--head or udder (mammaries).
  - Bears and Mountain Lions: Male--testicles or bacculum. Female--vulva.
- Evidence of an animal's sex and species must be retained until the animal's meat is processed (cut and wrapped) or until a bear or mountain lion is checked by a department employee or delivered to a taxidermist.
- If required by a department employee, hunters harvesting a big game animal must physically return to the kill site for inspection and on demand show complete head.

Glandular Scents
- Natural or artificial glandular scents may be used by licensed hunters to attract game animals or game birds by spraying or pouring scent on the ground or other objects. Hunters may not create a scent station where the scent continues to be dispensed without the hunter's direct action, such as an automatic device which drips or otherwise continues to dispense scent. Scents may not be used to attract bears. No scents other than glandular may be used for attracting animals, but other scents may be used to mask human odor.

Firearms
- **Caliber--** There is no caliber limitation during the general big game hunting season (except as specified under shotgun) for the taking of big game animals in Montana. However, the use of poisonous, explosive or deleterious substances on or in any bullet or projectile is prohibited. Match the caliber and firearm to the size of the animal hunted.
- **Shotgun--** Hunters are prohibited from shooting deer or elk with shotguns, except with lead loads of 0 buck or larger, or rifle slugs.

Restrictions for traditional handgun/muzzleloader areas only:
- **Muzzleloader--** firearm must meet the following criteria: 1) not capable of being loaded from the breech of the barrel; 2) not loaded with any prepared paper or metallic cartridge; 3) charged with black powder, pyrodex or an equivalent; 4) is ignited by a percussion, flintlock, matchlock or wheellock mechanism; 5) must be minimum of .45 caliber; 6) no more than two barrels; and 7) lead projectile only, no sabots.
- **Handguns--** "traditional" handgun must meet the following criteria: 1) not capable of being shoulder mounted; 2) has a barrel of less than 10 1/2 inches; 3) chambers a straight wall cartridge, not originally developed for rifles.

Hunter Education--Firearm and Archery
- Youth under the age of 17 years applying for the 1996special drawings must be at least 12 years of age before September 15, 1996, and provide required proof of successfully completing a Hunter Education Program at the time of applying for the special drawings.
- Resident hunters 12-17 years of age are required by law to have a Montana Hunter Education Certificate of Competency in the safe handling of firearms before they may purchase a hunting license. The Certificate of Competency is awarded to resident youths who have successfully completed Montana's Hunter Education Program.
- New residents of Montana 12-17 years of age need to check with their local Fish, Wildlife and Parks Office to determine if their out-of-state hunter education certificate can be accepted and to receive a Montana Hunter Education Certificate.
- Non-resident youths 12-17 years of age are required by law to submit a copy of their home state hunter education certificate verifying successful completion of the course when applying for any hunting license in Montana.
- Both resident and nonresident youths 12-17 years of age are required to purchase the bow and arrow stamp to archery hunt during the ARCHERY ONLY season, and must provide a Certificate of Competency in the safe handling of bow hunting tackle from the National Bowhunter Education Foundation (NBEF), in addition to the Certificate of Competency in the safe handling of firearms.
- Adult (18 years age or older) bowhunters must show proof of NBEF Bowhunter Education Certificate or present any prior years bowhunting/archery stamp, tag, permit or license from any state or province to purchase a Montana bow and arrow license.
- Montana law adopted in 1993 requires members of the armed forces and their dependents taking advantage of the 30-day residency exception to present a Montana Hunter Education Certificate or similar certificate from any state or province when purchasing any Montana license.

Hunting Hours
Authorized hunting hours for the taking of big game animals begins one-half hour before sunrise and ends one-half hour after sunset each day of the hunting season. See official sunrise-sunset table on page 70 of these regulations.

Littering
A person convicted of littering while hunting, fishing or camping shall forfeit their license or privileges to hunt, fish, trap or camp within Montana for a period of one year.

Marked Animals
It is legal to shoot big game animals that have radio collars, neck bands or markers, but markers and radio collars must be returned to the Department of Fish, Wildlife and Parks.

Outfitters and Guides
- Outfitters and guides are licensed by the Montana Department of Commerce. For information verification or a complete listing of licensed outfitters and guides telephone the Department of Commerce at (406)444-3738.
- Any outfitter utilizing federal lands or lands not held in fee title by the outfitter must be licensed by the Department of Commerce.
- It is illegal to hire an outfitter not licensed by the Department of Commerce.

Property Laws
- **Permission to Hunt Big Game** -- Montana Law requires that big game hunters must have permission of the landowner, lessee or their agent before hunting big game animals on private property, regardless of whether the land is posted or not.
- **Obtain Permission Early** -- Approximately 70 percent of Montana's hunting districts are comprised of private land. In some hunting districts, it is difficult to obtain access to private lands. Hunters should secure

General Regulations

landowner permission before applying for a special license/permit in these areas.

- **Trespass--** Montana law states that lands can be closed to the public either by posting the land or through verbal communication by landowners or their agents. If permission is granted, the landowner may revoke permission by personal communication at any time. An orange post means **no** trespassing without permission.

  - Posting Requirements-- Notice denying entry to private land must consist of written notice on a post, structure or natural object or by painting a post, structure or natural object with at least 50 square inches of fluorescent orange paint. In the case of a metal fencepost, the entire post must be painted. This notice must be placed at each outer gate and all normal points of access to the property, as well as on both sides of a stream where it crosses an outer property boundary line. Hunters are reminded that they must have landowner permission before hunting big game animals on private property, regardless of whether the land is posted or not.

Tagging and Transporting Big Game

- **Tagging--** Immediately after harvesting a game animal, hunters must cut out the proper month and the day of the harvest from the appropriate license/tag and attach it to the animal in a secure and visible manner. If more than one date is cut out, the license/tag is invalid. The properly validated license/tag shall remain with the meat until consumed (including cold storage). If quartered, the license/tag should remain with the carcass or largest portion of the carcass. The license/tag is to remain attached to the hide of a bear or mountain lion until it is tanned.
- **Transporting--** Properly tagged game animals that comply with the "Evidence of Sex Requirements" and that were lawfully taken by the license holder may be transported by an individual other than the license holder. The name, address and phone number of the person who killed the animal should accompany the carcass. It is a violation of the Federal Lacy Act to transport an illegally taken game animal across state boundaries. Federal Lacy Act violations could result in a criminal penalty of $20,000 and 5 years in prison. All shippers of fish, game or nongame birds, game animals, furbearing animals, the skins of furbearing animals or predator animals, or parts thereof are required to label all packages offered for shipment by parcel post, common carrier (airlines or UPS, etc) or otherwise. The label should be securely attached to the address of the package and shall plainly indicate the names and addresses of the consignor and consignee and the complete contents of the package (87-3-114, MCA).

Traps--Do Not Disturb

Montana trappers are permitted to trap furbearing animals during designated seasons; predatory, and some non-game animals most of the year. hunters afield who find a trap are prohibited from disturbing the traps or trapped animals.

Weed Free Hay Programs

- Certain areas of Montana require the use of certified weed free hay, straw and pellets for livestock to prevent the spread of noxious weeds.
- Please contact offices of the Montana Department of Fish, Wildlife and Parks, U.S. Forest Service, Bureau of Land Management, US Fish and Wildlife Service and Montana Department of Agriculture for information about the area where you will be hunting.
- Please see page 68 if you are transporting horses or mules into Montana.

AVOID VIOLATIONS OF THE LAW

- Hunters are prohibited from wasting or rendering unfit for human consumption, any part of a game animal, game bird, or game fish that is "defined as suitable for food." For big game animals excluding mountain lions, all of the four quarters above the hock, including loin and backstrap are considered suitable for food. A person harvesting a black bear or mountain lion is prohibited from abandoning head or hide in the field.
- Hunters are prohibited from shooting on, from, or across the right-of-way of a publicly maintained road which is open to vehicular traffic. The right-of-way includes the road, shoulders, berms and borrow pits and generally extends from fenceline to fenceline along fenced roadways.
- Hunters are prohibited from loaning or transferring their license to another person or using a license issued to another person.
- Hunters are prohibited from hunting or taking any game animal without having a valid license on their person.
- Hunters are prohibited from hunting or taking any game animal by the aid or with the use of any set gun, jacklight or other artificial light, trap, snare, or salt lick, nor may any such aforementioned device to entrap or entice game animals be used, made, or set.
- Youths under 14 years of age must be in the company of a parent, legal guardian or other responsible adult when carrying or using firearms for any reason.
- Hunters may possess, transport, sell, or purchase naturally shed antlers or the antlers with a skull or portion of a skull attached from a game animal that has died from natural causes and that has not been unlawfully or accidentally killed. It is illegal to possess a sheep head picked up in the wild.
- A motorized vehicle or aircraft cannot be used to concentrate, drive, rally, stir-up, corral or harass wildlife except predators.

Proper validation is easy:

Immediately after kill a big game animal, all hunters must properly validate the appropriate license/tag and securely attach it to the animal so that is clearly visible.

1) Locate the appropriate month and day the animal was killed and completely cut away (notch out) the month and day designations. The license/tag shown below, for example, has been properly validated for an animal taken on November 17.

2) Be Careful! The correct and appropriate month and day designations must be removed completely from the license/tag. Removing more than one month or one day designation invalidates the license/tag.

RECREATIONAL USE OF STATE LAND

A State Lands Recreational Use License, which is available from FWP license agents, is required to conduct most recreational activities (including hunting and fishing) on state land. Pamphlets which provide information regarding the rules, regulations and restrictions governing these activities on state land are available from FWP license agents, FWP offices and the Department of Natural Resources and Conservation, 1625 11th Avenue, Helena MT 59620 (406) 444-2074

PROTECTED -- GRAY WOLF

Gray wolves are present in Montana and are protected by State and Federal law. To assist in wolf management, please report any wolf sightings or sign to the U.S. Fish and Wildlife Service (406)449-5225, or the Flathead National Forest (406)755-5401, or any Fish, Wildlife and Parks headquarters.

***to Hunt & Fish on* Private Land**

1995 — The Year In Review

1995 proved an especially productive year for Fish, Wildlife & Parks, the resources entrusted to our care and the publics we serve. Some of the most noteworthy wildlife- or hunting-related accomplishments during the year were as follows:

Habitat Protection/Improvement

- FWP provided $1.7 million as a partner in the vast Gallatin Land Exchange, a hallmark project centered around the U.S. Forest Service and private timber companies trading land to block up ownership in the Gallatin River drainage north of Yellowstone National Park. FWP participated by obtaining 960 acres of land in the Porcupine drainage that is critical elk winter range and important habitat for grizzly bears, moose and bighorn sheep. The Forest Service has identified the Gallatin project as its number one acquisition priority nationally.
- FWP continues to employ conservation easements as an innovative means to protect wildlife habitats while keeping private land in private ownership, preserving Montana's agricultural heritage and maintaining the local tax base. For example:
- In a cooperative effort with the Rocky Mountain Elk Foundation, FWP obtained a conservation easement on 318 acres of land between the Sun River Wildlife Management Area and the Bob Marshall Wilderness. This land was potentially subdividable and is a corridor for wildlife, particularly elk, moving between the wilderness and the wildlife management area.
- FWP obtained a conservation easement of approximately 1,800 acres on the Brown Valley Ranch in the Bitterroot Valley adjacent to the Threemile Wildlife Management Area. The easement helps buffer important winter range for large numbers of elk from future expected homesites.
- A 680-acre easement was purchased from the Nature Conservancy to preserve key palouse prairie habitat at its Dancing Prairie Preserve in northwestern Montana. The land is important habitat for dwindling populations of the Colombian sharp-tailed grouse.
- Since the inception of the Upland Game Bird Habitat Enhancement Program in 1989, FWP has entered into over 600 contracts with agricultural operators, private landowners and other land managers to improve habitat for upland game birds. In 1995, over $330,000 was spent as a part of this effort. To date, approximately $2.7 million has been committed to: range management (107,000 acres); nesting cover (77,600 acres); winter food/cover plots (11,400 acres); shelterbelt tree/shrub planting (10,300 acres); wetland restoration (100 acres).
- In 1995, FWP cooperated with private landowners, Ducks Unlimited, the U.S. Fish and Wildlife Service and other partners to enhance 820 wetland acres and 10,500 acres of uplands on 74 individual sites in the state through the Montana Waterfowl Stamp Program.

Wildlife Management and Enforcement

- FWP completed an Environmental Impact Statement on the management of mountain lions in Montana. The document will guide future management of these large predators in the state.
- Montana game wardens contacted in excess of 46,000 hunters and visited with over 8,700 individual owners of private lands in 1995.
- In 1995, information received from concerned citizens through TIP-MONT, FWP's toll-free violation report line, resulted in over 500 subsequent investigations by Montana game wardens. These investigations led to prosecution in nearly 25 percent of the cases.
- In 1995, FWP spent approximately $266,000 on efforts to reduce game damage/depredation problems on private property. FWP also spent approximately $110,000 for weed control efforts on department properties.

Increased Opportunities

- The 1995 Montana Legislature passed into law a bill implementing many of the recommendations of the Governor's Private Land/Public Wildlife Advisory Council. House Bill 195 is expected to generate more than $2.5 million per year to be used as an incentive for landowners to further public hunting access on private lands. The new law, which is expected to open up an additional two million acres of private land to public hunting, also seeks to stabilize the outfitting industry in Montana.
- During the 1995 hunting seasons, 470 landowners provided public hunting access on 308 individual Block Management Areas comprising over five million acres.
- In 1995, Plum Creek Timber Co. and FWP extended for five years the Block Management agreement for Plum Creek's 771,000 acres of land in northwest Montana. The agreement maintains free public access for hunters and represents the largest single Block Management agreement in Montana.
- FWP's Shooting Range Development Program provided $111,435 in matching grants in 1995 to fund shooting range activities and improvements at Billings, Bozeman, Colstrip and Missoula.
- Volunteer hunter and bowhunter education instructors taught and certified 6,641 and 2,358 students, respectively, in 1995. Instructors also helped FWP develop a new Montana-specific student manual for use beginning in 1996.

All of these accomplishments were made possible through revenues from hunting license sales and, in some cases, Federal Aid in Wildlife Restoration dollars. Special thanks are due to Montana's hunters and all who contribute to FWP's wildlife programs.

LICENSES AND GENERAL INFORMATION

DEER AND ELK

Hunters may purchase one deer A and one or more deer B licenses. There are no requirements regarding the order of obtaining nor the order of filling either license. Hunters may purchase only one elk license per year which is included in the resident Sportsman's License and the nonresident Big Game Combination License.

The Deer A license is included in the resident Sportsman's License, the nonresident Big Game Combination License and the nonresident Deer Combination license.

Nonresident Deer Combination license holders who are landowner sponsored are reminded the license entitles them to hunt ALL deer (including B licenses) and upland game birds only on the deeded lands of the sponsoring landowner. This does not include leased or public land. The license is valid statewide for fishing. A general upland game bird license would be required to hunt statewide for upland game birds. The upland game bird license may be purchased at any FWP office or at most license agents throughout the state.

Nonresident Combination License holders who are outfitter sponsored are reminded that ALL hunting with their Combination License must be done with a licensed outfitter.

Hunters may hold and fill more than one deer B license subject to all specifications on the license issued. Opportunities to obtain a deer B license(s) include:

1. Special drawings.
2. Over-the-counter purchase from Fish, Wildlife and Parks offices and license agents.

SINGLE REGION ANTLERLESS WHITETAIL DEER B LICENSES

Hunters may purchase only one single region antlerless whitetail deer B license per year. This may be in addition to any other deer B license(s) purchased. Licenses are valid for one region only and hunter must designate region upon purchase. Licenses are available beginning in August from all Fish, Wildlife & Parks offices.

Licenses are valid as follows:

Region 2 - All 200 series districts are ARCHERY ONLY.

Region 3 - ALL 300 series districts, except the Canyon Ferry WMA portion of 380.

Region 4 - ALL 400 series districts, except HD 455; valid in HDs 400, 401, 403 and 406 Oct. 27 - Nov. 17 only.

Region 6 - ALL 600 series districts.

Region 7 - ALL 700 series districts

License are valid Oct. 27 - Dec. 1, with exceptions noted above. Licenses may also be used during the ARCHERY ONLY season, but the license holder is restricted to the region, sex, species and any special restrictions listed on the license.

MULTI-DISTRICT REGION 6 DEER B LICENSE

Hunters may purchase only one R-6 multi-district antlerless whitetail deer B license valid in HDs 600, 630, 640, 641, 650, 651, 652, 670 and 690. Licenses available from any Fish, Wildlife and Parks office and license agents located within these hunting districts.

SPECIAL SEASONS AND DRAWINGS

Applications must be postmarked by the U. S. Postal Service no later than June 1.

Both resident and nonresident hunters are eligible to apply for licenses and permits awarded through the special drawings. Nonresidents are limited to, but not guaranteed, 10 percent of a district quota.

Nonresidents must hold a Big Game Combination License to apply for special elk or special deer permit OR a Deer Combination License to apply for special deer permit.

Residents and nonresidents are required to purchase a general elk license prior to applying for a special elk permit or the A-7 antlerless elk license.

Hunters must hold a deer A license to use a deer permit awarded through the special drawings.

Nonresident holders of a landowner sponsored Deer Combination License may apply for a special deer permit ONLY in the hunting district in which they are authorized to hunt deer.

A special deer permit is not a second license. All permits are issued through the special license and permit drawings and must be used with a valid deer A license. Hunting districts offering a deer permit are 260-03 (deer permit must be used with a HD260 deer B license, 291-01, 441-01, 455-00, 530-01, and 652-00.

Hunters who receive a special permit to hunt antlerless elk during all or any portion of the regular season (Oct. 27 - Dec. 1) is restricted to taking only an antlerless elk in the district or the portion of a district for which the permit is valid (whether during the general or ARCHERY ONLY season). Permit holders are entitled to hunt elk, as specified in the 1996 big game hunting regulations, in all other elk hunting districts OR if your permit is valid for a portion of the district only, in all other portions of that hunting district (except those districts or portions of district restricted to "hunting by permit only").

This restriction also applies if a permit is valid for only a portion of the regular season (for example, Oct. 27 - Nov. 5 or Nov. 15 - Dec. 15).

Because some licenses and permits are valid only in a portion or portions of specified hunting districts, hunters should carefully note the district choice for which they are applying. A copy of the legal descriptions for "portion of district" areas is available at all Fish, Wildlife & Parks Office or by mail from the Helena Headquarters, Wildlife Division, POB 200701, Helena, MT 59620-0701.

LANDOWNER PREFERENCE

Montana landowners who qualify may receive preference in the Deer B license and/or deer permit special drawings. To qualify, one must be the owner of record or be contracting to purchase at least 160 acres of land within the hunting district applied for. If the license is valid for a portion of the hunting district only, the landowner must own land within that portion. The land must be used primarily for agricultural purposes.

Montana landowners who qualify may receive preference in the elk permit and A-7 antlerless elk license special drawings. To qualify, the applicant must own or be contracting to purchase at least 640 acres of contiguous land used by elk or where elk are known to occur at anytime during the year. If the permit is valid for a portion of the hunting district only, the landowner must own land within that portion.

Preference is available to Montana landowners, both resident and nonresident and can be designated to a blood or marriage related individual or a person employed by the landowner. Only one person may use or designate preference in a partnership or corporation.

A-7 ELK LICENSE

An A-7 license is a special type of elk hunting license that allows the holder to shoot only antlerless elk in the district for which the license is valid. A-7 licenses are available in a very limited number of areas and, in general, in areas where no other opportunities to harvest antlerless elk exist.

If a hunter applies for and receives an A-7 license, these conditions apply: 1) Hunters may not hold both a general elk license and a special A-7 license. 2) The holder of an A-7 license must hunt only antlerless elk and must confine their elk hunting only to the hunting district for which their A-7 license is valid. 3) They may not hunt elk (bull or antlerless) anywhere else in the state during the 1996 season.

A-7 licenses are available only through the annual special drawings. Both residents and nonresidents may apply for these licenses. If successful in drawing an A-7 license, the hunter will be sent a letter of notice and must turn in his/her general elk license prior to the beginning of the elk archery season. Failure to do so will forfeit the A-7 license.

The following districts offer A-7 antlerless elk licenses through the special drawings: 204, 240, 250, 261, 270, 282, 285, 293, 298, 329, 343, and 520.

ARCHERY

Archery Only season is September 7 - October 20, 1996.

All legally described deer and elk hunting districts are open to archery hunting during the ARCHERY ONLY season. Exceptions are noted under the Deer and Elk specific hunting district regulations.

General deer A license holders may hunt deer of either sex, either species. Exceptions are noted under the Deer and Elk specific hunting district regulations. Deer B or landowner sponsored nonresident deer combination license holders may hunt during ARCHERY ONLY season but are restricted to the district, sex, species and any special restrictions listed on the license.

Elk license holders may hunt elk as listed under the specific hunting district regulation.

A bow and arrow license, plus the proper hunting license is required of all hunters during ARCHERY ONLY season.

During any ARCHERY ONLY season, only a long bow, recurve bow or compound bow may be used.

Any device that is attached to a long, recurve or compound bow that holds an arrow at partial or full draw is prohibited during the ARCHERY ONLY season.

The use of any chemical or explosive device attached to an arrow to aid in the taking of wildlife is prohibited.

A bow sight may be attached to any bow to aid in the taking of wildlife; however, bow sights, bows, or arrows which use artificial light, luminous chemicals such as tritium, or electronics are prohibited.

Arrows must have broadheads with at least two cutting edges to hunt big game animals.

Crossbows may not be used during ARCHERY ONLY season.

It is illegal to use any livestock to kill, take, attempt to take, or harass elk during the elk ARCHERY ONLY season. This shall not prohibit the use of livestock to get to the hunting area or to remove downed game animals.

Mountain Lion

LICENSES & GENERAL INFORMATION

- A hunter may purchase only one mountain lion license per year.
- Mountain lion licenses are available only at Fish, Wildlife and Parks Headquarters.
- Applications must be postmarked by the U.S. Postal Service no later than August 31, 1996.
- A mountain lion license is required to hunt mountain lion during the hunting season.
- A hunter may legally take one adult mountain lion per season.
- A hound handler is required to have a free hound handler permit to hunt OR chase mountain lion during the hunting season.
- A hound handler that has purchased a valid mountain lion license and hound handler permit may legally chase mountain lion during the hunting season and any time after the season is closed in the district or until February 15, 1997.
- Hound handler permit (free) must be obtained no later than August 31, 1996.
  EXCEPTION: Outfitters and guides will be eligible to receive a free hound handler permit by presenting their Montana outfitters or guide license and their conservation license. Guides will also be required to provide the license number of the outfitter on whose license they are guiding. This permit is valid only while accompanied by a paying client.
- When the total quota is reached in a hunting district or hunting district group, the mountain lion season for that area will close upon 24-hours notice, but no later than February 15.
- When the subquota is reached in a hunting district or hunting district group, the mountain lion subquota for that area will close upon 24 hours notice, but no later than February 15.
- Females with kittens may not be taken. If a lactating female is killed, she shall be backtracked and the kittens captured and turned over to Fish, Wildlife & Parks within 24-hours. (Kittens are young of the year). No juveniles (with body spots) shall be killed.
- The mountain lion license must be attached to the animal immediately upon kill.
- Evidence of sex must remain naturally intact on the hide.
- Evidence of sex must be verified by department personnel before a trophy license is issued. It is mandatory that the skull be turned in and tagged at the time a trophy license is issued.
- A hunter harvesting a mountain lion must, if required by FWP, physically return to the kill site for inspection.
- All Wildlife Management Areas and National Wildlife Refuges are closed to lion hunting.
- Current harvest information may be obtained by calling the Fish, Wildlife & Parks Headquarters in the administrative region where the district is located during normal business hours or statewide information at 1-800-385-7826 24 hours every day. The toll free line is updated by 1 PM Mountain Standard Time every day.

Use of dogs:

- Dogs may be used to chase or hunt mountain lions within prescribed seasons. Lion hunting and chase seasons are open each day from one-half hour before sunrise to one-half hour after sunset for the dates listed by hunting district.
- It is prohibited for a hound handler or lion hunter to release dogs on a lion track, or allow dogs to chase a lion, or hold a lion at bay during any period of the day or year when the season is not open to hunting or chasing lions.
- Legitimate attempts to retrieve loose dogs after legal hunting hours does not constitute a violation of this rule.

Mountain Lion - Trophy

- A hunter harvesting a mountain lion must:

  1) Personally report their lion kill within 24 hours to an officer of Fish, Wildlife and Parks in the administrative region (see Regional Headquarters listing, page 6) where the kill was made. Successful hunters in those districts opening September 15 have 24 hours after reaching the trail head to report their kill. Hunters must personally present the hide and skull for inspection to an officer of FWP in the administrative region where the kill was made within 5 days of the kill, or within 5 days of arriving at the trailhead from areas opening September 15, for the purpose of inspection, tagging, recording of kill and issuance of a trophy license.

  2) The hide tag must thereafter remain attached to the hide until tanned.

  3) The skull tag must remain attached to the skull for at least one year.

  4) The lion skull will be retained by Fish, Wildlife & Parks for processing and examination and then returned to the owner.

  5) It is unlawful for anyone to possess, ship, transport, sell or purchase any mountain lion, or part thereof, unless they have been tagged as prescribed.

CHASE ONLY SEASON

- All hunting districts are open each day, from one-half hour before sunrise to one-half hour after sunset, to the CHASE ONLY season from February 16 - April 30, 1997.
- Hound handlers wishing to participate in the chase only season must:
  1) Hold a valid 1996 hound handler permit.
  2) Free hound handler permits are available at all Fish, Wildlife & Parks Headquarters and must be obtained no later than August 31, 1996
- All Wildlife Management Areas, National Wildlife Refuges and Hunting District 282 are closed to the lion chase season.

Export Mountain Lions

- A CITES permit is required in order to export mountain lion hides or parts out of the United States. Information on these permits and how to acquire them may be obtained from: Office of Management Authority, USFWS, 4401 N. Fairfax Drive, Room 432, Arlington, VA 22203 (1-800-358-2104) or local USFWS office or agent.

Black Bear

Map only intended as a guide - please refer to the legal descriptions for actual boundaries.

CLOSED TO HUNTING FOR BIG GAME

Black Bear - There is no grizzly bear hunting season.

LICENSES & GENERAL INFORMATION

- A hunter may purchase only one black bear license per year.
- Black bear licenses are available at all Fish, Wildlife and Parks offices and most license agents throughout the state.
- A hunter may legally take one black bear per license year. Female bears with young and individual cubs may not be harvested.
- All districts listed below shall be open to hunting of black bear of either sex.
- The black bear license, properly validated, must be attached to the animal immediately upon kill. The license is to remain attached to the hide until tanned.
- Evidence of sex must remain naturally intact to the hide.
- A hunter harvesting a black bear must, if required by the department, physically go back to the kill site for inspection.
- It is illegal to bait bears or to hunt bears with dogs.
- There is no ARCHERY ONLY season for black bear.
- It is unlawful to sell or purchase any part of a black bear except as specifically permitted by the laws of Montana.
- The penalty for the unlawful sale may be subject to a fine of $10,000 and/or imprisonment in the state prison for a term of one year.
- The sale or purchase of hides, heads or mounts of lawfully killed black bear is legal.
- All Wildlife Management Areas, unless otherwise posted, with big game winter range in administrative regions 1, 2, 3, 4 and 5 are closed to public entry from the day following the end of general deer/elk/bear season, or December 1, whichever is later, to May 15 each year. EXCEPTION: Blackfoot-Clearwater WMA closes November 10.
- All National Wildlife Refuges are closed to black bear hunting.
- Hunters are prohibited from wasting black bear meat unless determined to contain trichinella.
- Trichinella Testing - This testing is optional and free-of-charge. Send one-third of the tongue or equal size muscle tissue to: Dr. David E. Worley, Veterinary Research Lab, MSU, Bozeman, MT 59717.

MANDATORY REPORTING REQUIREMENTS

- Within five (5) days of harvesting a black bear (or within five days of arriving at a trailhead in backcountry areas) the successful hunter must present to an official of the department the complete bear hide and skull for the purpose of inspection and removal of a tooth (for aging).

LICENSES & GENERAL INFORMATION

- Antelope licenses are awarded through special drawings.
- Applications must be postmarked by the U.S. Postal Service no later than June 1.
- License holders may legally take one antelope subject to all specifications on the license.
- Hunters may apply as a party for antelope licenses in groups of up to five. If successful, all party members will receive a license.
- Antelope doe/fawn licenses remaining after the drawing may be offered to the successful either sex license holders.

Landowner Preference

- Montana landowners who qualify may receive preference in the antelope special drawings. To qualify, one must be the owner of record or be contracting to purchase at least 160 acres of land within the hunting district applied for. The land must be used primarily for agricultural purposes.
- Preference is available to Montana landowners, both resident and nonresident, and can be designated to a blood or marriage related individual or employed ranch manager. Only one person may use or designate preference in a partnership or corporation.

Disabled Resident Preference

- Legislation established a statewide total of 25 special antelope licenses to be issued through a special drawing process to Montana residents who are permanently physically disabled and nonambulatory as defined by ARM rule 12.3.106. These licenses are available only in those antelope hunting districts that have a quota of 50 or more licenses.
- Applicants must apply on department provided forms available at all Regional Fish, Wildlife & Parks Headquarters and the Helena Headquarters.
- Applications must be postmarked by the U.S. Postal Service no later than June 1.
- Licenses awarded to successful applicants will be subject to all specifications on the license.
- Antelope may be harvested only in the specific hunting district in which the license is valid.

Definitions

- Doe/Fawn - any antelope with horns less than four inches in length measured from the top of the skull.

THERE ARE NO OVER THE COUNTER MULTI-REGION DOE/FAWN ANTELOPE LICENSES BEING OFFERED IN 1996.

License valid in any hunting districts beginning with number 7		
800 SERIES DISTRICTS - Changed to 300 Series Districts		

ARCHERY

- All licenses to hunt antelope are awarded through the special drawings.
- Archers must hold a valid antelope license to hunt during the ARCHERY ONLY season.
- ARCHERY ONLY season is September 7 through October 12, 1996.
- All legally described antelope hunting districts are open to ARCHERY ONLY for antelope subject to the district, sex, species and any special restrictions listed on the license.
- A bow and arrow license plus the proper hunting license is required of all hunters during ARCHERY ONLY season.
- During any ARCHERY ONLY season, only a longbow, recurve bow or compound bow may be used.
- Any device that is attached to a long, recurve, or compound bow that holds an arrow at partial or full draw is prohibited during the ARCHERY ONLY season.
- The use of any chemical or explosive device attached to an arrow to aid in the taking of wildlife is prohibited.
- A bow sight may be attached to any bow to aid in the taking of wildlife; however, bow sights, bows, or arrows which use artificial lights, luminous chemicals such as tritium, or electronics are prohibited.
- Crossbows may not be used during ARCHERY ONLY seasons.
- Arrows must have broadheads with at least two cutting edges to hunt big game animals.

Multi-Region ARCHERY ONLY

900-00	Sept. 7 - Nov. 10	Unlimited Licenses - either sex - ARCHERY ONLY

- Applications must be postmarked by the U.S. Postal Service no later than June 1.
- Hunters who apply for hunting district 900 must list this as their first and only district choice.
- Each of these licenses will be valid in the following antelope hunting districts: any hunting district beginning with the number 3 (except 319 and 382), any hunting district beginning with the number 4 (except 455); and any hunting district beginning with the number 5, 6, 7.
- Archers using these licenses during the antelope "gun" season must wear hunter's orange.

SPECIAL SEASONS & TENTATIVE QUOTAS

- Moose licenses are awarded through special drawings.
- Applications must be postmarked by the U.S. Postal Service no later than May 1.
- Legislation states that an applicant who receives a moose license is not eligible to apply for another license for moose for the next succeeding 7 years. For example, if you received a moose license in 1993, you may not apply for another until 2001.
- License holders may legally take one moose subject to all specifications on the license issued.
- Hunters harvesting a moose must leave evidence of sex naturally attached to the carcass.
- There is no ARCHERY ONLY season for moose.

Legislation authorizes the Fish, Wildlife and Parks Commission to provide for the auction of a moose license each year. This license authorizes the hunter to take an antlered bull moose in any district of their choice. This license is not a part of the seasons proposed and if this license holder is successful, the moose will not be counted against the district quota. This license holder may hunt only in areas open to moose hunting.

Definitions

- Antlered Bull - any moose having an antler or antlers of at least four inches in length measured from the top of the skull.
- Antleriess - a female or juvenile male with an antler or antlers less than four inches in length measured from the top of the skull.

Both resident and nonresident hunters are eligible to apply for the following license awarded through the special drawings. Nonresidents are limited to, but not guaranteed, 10 percent of a regions quota. Districts where nonresidents may apply are listed on the nonresident application.

LICENSES & GENERAL INFORMATION

There are two types of bighorn sheep licenses: Limited and Unlimited.

Limited Licenses - these license are awarded only through the special drawing and are designed to limit the number of hunters in a specific hunting district(s). Hunters may apply for one limited license area only and it must be their first and only district choice, with the exception of an adult ewe which may be listed as a second district choice.

- Legislation states that applicants who receive a limited either sex or legal ram license are not eligible to apply for another sheep license for the next succeeding 7 years. For example, if you received one of the limited either sex or legal ram sheep license in 1993, you may not apply for another sheep license until 2001.

Unlimited Licenses - These licenses are awarded only through the special drawing process. The unlimited license area must be listed as the first and only choice.

General Information for Both Limited and Unlimited Licenses

- Applications must be postmarked by the U.S. Postal Service no later than May 1.
- Each bighorn sheep license is valid in the hunting district(s) and for the time period specified on the license.
- License holders may legally take one bighorn sheep, subject to all specifications on the license issued.
- A hunter harvesting a bighorn sheep must, if required by the department, physically return to the kill site for inspection and on demand show the complete head and cape intact.
- A hunter harvesting a bighorn sheep with a license valid for a "legal ram" must not alter the head and horns as to affect determination of legality.
- A hunter harvesting a bighorn ram must personally present the complete head and cape **intact** within 48 hours to any Fish, Wildlife & Parks office, game warden, or designated employee in the administrative region where the bighorn ram was taken. At that time, a transportation permit will be issued.
- Bighorn ram horns greater than one-half curl must be plugged or pinned at any Fish, Wildlife & Parks office within 10 days after harvest. A listing of designated personnel and phone numbers will be provided to all bighorn sheep license holders.
- There is no ARCHERY ONLY season for bighorn sheep.
- It is illegal to possess a sheep head picked up in the wild.

Legislation authorizes the Fish, Wildlife & Parks Commission to provide for the auction of a bighorn sheep license each year. This license authorizes the hunter to take a "legal" or greater ram in any district of their choice. This license is not a part of the seasons proposed and if this license holder is successful, the sheep will not be counted against the district quota. The license holder may only hunt in areas open to hunting (i.e. if an unlimited area closes due to reaching the quota, the license holder may not hunt in that area).

DEFINITION:

ADULT EWE - defined as a female bighorn sheep - one year old or older. Lambs (young of year) are not included.

LIMITED LICENSES

Both resident and nonresident hunters are eligible to apply for the following licenses awarded through the special drawings. Nonresidents are limited to, but not guaranteed, 10 percent of a region quota. Districts where nonresidents may apply are listed on the nonresident application.

UNLIMITED LICENSES

- An unlimited bighorn sheep license must be purchased through the special drawing as your first and only district choice. Unlimited bighorn sheep licenses are available in districts 300, 301, 303, 500, 501.
- Licenses are nonrefundable and a hunter may not change the selected hunting district, even if a district closes before the hunter has participated in a hunt.
- Unlimited license districts with quotas sometimes close within a few days of the hunting season.
- Unlimited license hunting districts will close on a 48 hour notice. Some unlimited sheep hunting districts are assigned a harvest quota. When the quota is reached or approached, the sheep season in that district will close. Any ram harvested by a hunter will be counted against the quota.
- Current harvest information may be obtained by calling the appropriate Fish, Wildlife and Parks Regional headquarters during normal business hours. See Regional Headquarters listings on page 5.
- The department makes an attempt, through news releases and back country contacts, to inform hunters of bighorn sheep closures. However, it is the hunters responsibility to be aware of season status.
- Legislation states that applicants who harvest an unlimited legal ram are not eligible to apply for another sheep license for the next succeeding 7 years. For example, if you took a legal ram with your unlimited sheep license in 1996, you may not apply for another sheep license until 2004.

JUDGING A "LEGAL RAM" (3/4 Curl)

When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the ram is not legal.

Base of the horn shall be considered as the point where the horn meets the hairline of the head. See illustration below.

Determination of a legal ram should be made from a broadside view of the head.

Successful applicants for sheep should contact the department if they need the Montana Guide to Bighorn Sheep.

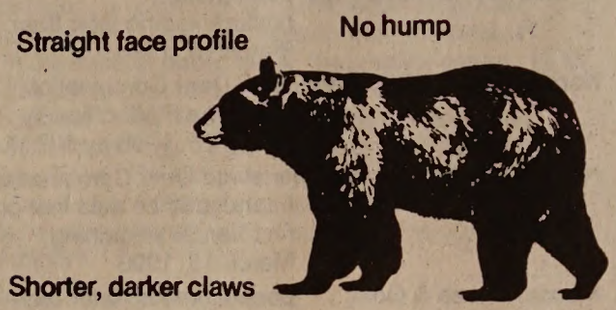
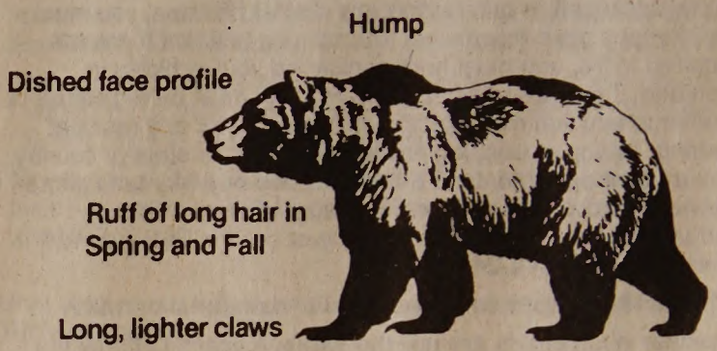
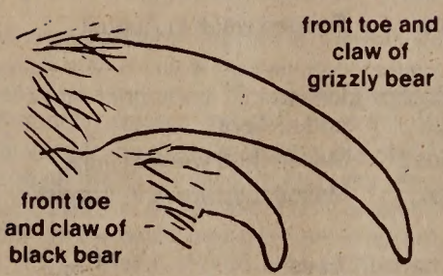
BLACK BEAR



GRIZZLY BEAR





Claws of adult grizzlies are rarely less than 1¾" long. Claws of black bears seldom exceed 1½".

Tips to avoid bear conflicts after you harvest your deer or elk

- Move carcass away from viscera.
- If possible, leave carcass in an open area.
- Cover with branches to protect from birds.
- Hang meat if possible.
- Leave article of clothing on meat.
- When returning, make noise and approach from upwind or most visible route.
- If a bear is on the carcass, leave the area and contact a local game warden.
- In camp; keep a clean camp and hang meat away from sleeping area.

Question & Answers

What can I do if I lose my license?

Duplicate licenses may be obtained from Fish, Wildlife & Parks regional headquarters, selected license agents, or local game wardens. Hunters have to sign a statement on the duplicate license form declaring their original license or license(s) were lost and are no longer in their possession. If the original licenses are found they must be returned to FWP immediately.

Am I a Montana resident?

In general, to be a resident eligible to purchase hunting, fishing or trapping licenses, you must have physically been living in Montana for at least 180 consecutive days (six months) immediately before purchasing any resident license; you must file Montana state income tax returns as a resident if you are required to file; you must have registered your vehicles in Montana; if you are registered to vote, you must be registered in Montana; and you may not possess or apply for any resident hunting, fishing or trapping privileges in another state or country. You must show a Montana driver's license or a Montana photo ID when purchasing a license. If unsure of your residency status, contact a regional FWP office or call the Enforcement Division at (406)444-2452.

What is the difference between a license and a permit?

Licenses and permits **are not the same.** A license affords the holder the opportunity to kill a game animal, as specified on the license. A permit, on the other hand, merely awards the holder special privileges. **A permit is not a second license.** All permits are issued through the annual special license and permit drawings and must be used in conjunction with a valid hunting license.

What is the difference between a deer A and a deer B license?

- The deer A license is valid for one deer during the general season and can be utilized in any deer hunting district in the state for the species and sex indicated for that hunting district under the general season regulations. There are some exceptions to this general statement and a hunter should check the regulations specific to the hunting district in which they wish to hunt.
- The deer B license is valid for one deer subject to restrictions of seasons, species, sex and hunting district(s). The deer B license is most often valid for antlerless deer. More than one deer B license per hunter may be available in some hunting districts.

What should I do if I make a mistake resulting in an illegally killed animal?

- Field dress the animal to keep it from spoiling. Leave it where it was killed, preferably with a person watching it. Go to the nearest telephone as soon as possible and call the regional FWP office, the local sheriff's office, game warden's home office or 1-800-TIPMONT. Report what happened and wait for instructions from a game warden. Do not transport the animal unless you are told to do so by a game warden.

May I hunt with a bow and arrow during rifle season?

Yes, but you must conform to the rifle season regulations. This includes wearing a minimum of 400 square inches of hunter orange (fluorescent) material above the waist.

Question & Answers

How do I know when I cannot shoot from a road right-of-way?

If a road is maintained by a public agency, even if very infrequently maintained, and it is open to travel by motor vehicles, you may not shoot from the road or anywhere within the road right-of-way. When in doubt, get off the road and beyond the drainage ditches before you shoot. For accurate information, you should check with the appropriate public agency in charge of the road.

May I drive off established roads and trails to retrieve game?

There is no standard answer. In all cases, when on private lands, hunters must first obtain permission from the private landowner. In the case of public lands, the answer varies. BLM public lands are open to motorized travel unless designated closed. On National Forest lands, restrictions to motorized travel are described on Travel Plan maps available at local U. S. Forest Service offices. On National Wildlife Refuges, all off-road travel is prohibited. For further information, contact the appropriate land governing agency. See page for addresses and phone numbers

What are block management areas?

The block management program is a cooperative effort between private landowners, Montana Fish, Wildlife and Parks and hunters to provide free hunting opportunities on private land. Since 1985, over 5 million acres of private and previously inaccessible public and state lands have been opened for hunting. There are Block Management Areas (BMA's) in all regions of the state with the majority of them in eastern Montana (Region 7).

The block management program is currently undergoing a review which may result in operational changes. Hunters interested in learning about block management opportunities for the 1996 hunting season should contact the regional offices which administer the area the hunt is planned. Specific information on areas enrolled for this year and specific hunting opportunities will not be available until September 1. For general information on the block management program, contact the Field Services Division at (406) 444-2602.

Where may I obtain detailed maps?

Montana Fish, Wildlife and Parks does not provide any maps other than those included in these regulations. Agencies listed below may be contacted to supply area maps. Maps range in price from $1.25 to $5.00.

- Individual National Forest and travel maps of each National Forest that show restrictions on vehicular use can be obtained by writing to the U.S. Forest Service, Northern Region, Federal Building, P.O. Box 7669, Missoula, MT 59807; (406)329-3511.
- The Bureau of Land Management offers land status quad maps for most areas of the state. BLM maps may be obtained by writing the BLM, P.O. Box 36800, Billings, MT 59107; (406)255-2888.
- Topographical maps may be obtained by writing the Western Distribution Branch, U.S. Geological Survey, Box 25286, Federal Center, Denver, CO 80225; (303)236-7477.
- Charles M. Russell National Wildlife Refuge maps may be obtained by writing: CMR Manager, Box 110, Airport Road, Lewistown, MT 59457.

What archery equipment is legal to use during ARCHERY ONLY seasons?

- **Long Bow** - a bow of the Medieval English type with the limbs and handle one continuous piece. There is little or no curving in the limb when unstrung.
- **Recurve Bow** - a bow with laminations of wood and/or epoxy resin type material and curve forward at the limb tips.
- **Compound Bow** - a bow using a combination of recurve and longbow limb design in which the limbs may be straight, short, laminated or epoxy type, but wider at the tips and adjustable for poundage. A type of eccentric wheels and cables assist in drawing the bow for the mechanical advantage that peak weight is reduced at full draw.
- **Crossbows** - may not be used during ARCHERY ONLY seasons. They may be used during the rifle season only.

What is required to transport horses and mules in Montana?

- The Montana Department of Livestock requires a veterinary inspection certificate and an import permit prior to entry into Montana.
- A brand inspection certificate is required for movement within Montana. For information call the Department of Livestock at (406)444-2976.
- Certain areas of Montana require weed free hay, see page 3.

What must I do to operate an ATV on public lands?

ATVs operating on public land must be registered and display current decals. Residents must register their ATV at their County Treasurer's office. Nonresidents must register their ATV in their home state or purchase a temporary OHV use permit from any Fish, Wildlife and Parks office. The permit is $5 and expires on December 31, 1996.
